

Anthony Scarpa

CSC415-01

Project Name: "The World's Worst"

Individual VM name: csc415-server14.hpc.tcnj.edu

NOTE: The project is on student2 due to errors I was having with student1

student2 password: lion2

Path to project: /home/student2/vm-csc415/TheWorldsWorst/src

GitHub repo: <https://github.com/scarpas3/TheWorldsWorst>

Description: My project is a database of companies with "events" that can be assigned to each company to form a "timeline" of their misdeeds. The purpose of this is to expose how a lot of companies exert extreme power over America and the world at large without much media attention or discussion. Users who aren't logged in can make submissions which can be approved by admins.

| Functionality Tested | Inputs | Expected Output / Message | Actual Output |
|----------------------|---|---|---------------|
| Add Company | Text for name, description, industry, and country of origin, followed by a button press | Company is added to the database along with an approval message | |
| Delete Company | Clicking a button, and a button asking the user if they're sure | Company is deleted along with an approval message | |
| Update Company | Text for name, description, industry, and country of origin, followed by a button press | Company is updated along with an approval message | |
| Show Company | Clicking a button to show the company | Company page is loaded onto the screen | |

| | | | |
|--------------------|---|--|--|
| Show Timeline | Clicking a button to show the timeline on the company page | Timeline page is loaded onto the screen | |
| Edit Event | Text for year and description followed by a button press | Event is updated in the database along with an approval message | |
| Delete Event | Clicking a button, and a button asking the user if they're sure | Event is deleted along with an approval message | |
| Add Event | Text for year and description followed by a button press. EVENT MUST HAVE EXACT NAME OF COMPANY FOR COMPANY NAME | Event is added along with an approval message | |
| Approve Submission | Text for name, description, industry, and country of origin, followed by a button press | Submission is added to the company database and deleted from the submission database | |
| Show Submission | Clicking a button to show the submission | Submission page is loaded | |
| Delete Submission | Clicking a button, and a button asking the user if they're sure | Submission is deleted from the database | |
